Kahler

The brilliant
all-rounder
for indoors
and outside

vario

Three functions – one device
 ...even if it's already loaded!

With one flick of the wrist
 you transform your
 transport trolley...

...into a stair-type sales
 module and display...

...or into a sales and
 working table.

- Technical data:**
- base frame made of hot-dip galvanised steel or plastic and CDC coated steel with 4 castors, 125 mm Ø, made of grey rubber and 2 holding brakes
 - 3 angular frames for tiers made of aluminium
 - 3 irrigation trays made of black plastics with water drain and plug
 - further inserts and accessories are available (see page 7)

When using the vario as a stair-type sales module, you may choose between different grid positions. The vario can be equipped with an attractive, height-adjusting awning with an adjustable angle of inclination.

vario-c fully equipped

plastic-coated with an additional CDC-coating

hot-dip galvanised steel

- vario-c fully equipped**
 consisting of
- base frame made of steel with 4 bolt-hole castors 125 mm Ø and 2 holding brakes
